## Spring is in the Air!!!

With a nontraditional "winter" now in the rearview mirror, we're looking ahead to some of the best outdoor months of the year. This is the perfect time to start thinking about how you'd like to spruce up your yard, what to plant in your gardens, and how to manage the many activities and events that come with the spring school season-along with athletics, sports, scouts, and clubs!

Forest Oaks is excited for a busy and engaging spring. We're looking forward to the upcoming FOST Barracudas swim season (see page 13), a full slate of tennis events and training through Rivera Tennis Academy (see page 14), and our annual Easter Egg Hunts on March 28 (see page 12).

In addition to these programs, we are also preparing several projects and improvements across the park and facilities. You'll begin to see staff clearing underbrush and scrub trees to open up new spaces, along with new fencing and redesigned park entrances. Planned upgrades include renovations to park bathrooms and pavilions, new shade structures in the playground area, new outdoor fitness equipment pods, and resurfaced parking lots.

Through these projects, we hope to continue enhancing opportunity, value, and enjoyment for our entire District community. We look forward to a wonderful spring season ahead!

# FOREST OAKS PARK

**Open Daily from Sun-up to Sun-down**

## **LEASHES REQUIRED AT ALL TIMES IT'S THE LAW!!!**

As well-trained and friendly as your pet may be, remember Harris County requires that pets must be secured on a leash and controlled by its owner at all times. Our park is no different and we do not make exceptions, regardless of the time of day or what area of the park you are in. Failure to have your pet on a leash can result in a citation from our Park Security Officers.

Please be a responsible pet owner and follow the law. To report any violations, you can call or email the office or if you see our park staff or park security officer in the park, please notify them immediately.

## **FOREST OAKS PARK POLICIES AT A GLANCE**

- Use of the park is at your own risk and WCID110 is not responsible for any injury. This includes vehicles.
- Do not feed any wildlife (including begging squirrels).
- Stay off all rock structures and features at all times. They are dangerous and a haven for snakes and other critters.
- **FISHING LICENSE IS REQUIRED BY TEXAS STATE LAW.**
- Fishing is only allowed with rod and reel. Cast nets, spearfishing or any type of fishing besides a rod and reel is not allowed. All bass are catch and release only for all park users. All other fish are catch and keep if wanted.
- Entering or swimming in the lakes is not allowed without prior approval from District Manager.
- Boating of any kind must be approved by the District Manager.
- Stay alert for snakes and other wildlife that may be dangerous. Do not throw items at, run after, or irritate the wildlife.
- All pavilion use of five or more people or for a formal event requires a rental application and rental fee. Park Staff and Security Officers do have the authority to make patrons leave a pavilion if needed and if there is not a formal rental.
- **Playground Policies**
  - Improper or unsafe use of equipment is prohibited at all times.
  - Children under the age of 7 must be accompanied by an adult at all times.
  - All children must be actively supervised at all times by an adult. Children may not be left on playground while adults are not present in the immediate area of the playground.
  - Footwear must be worn at all times. Flipflops, bare feet, or socks only are not allowed.
  - Pets are not allowed on playground surface or equipment.

## EPA Fix a Leak Week March 16-22

The average household's leaks can account for nearly 10,000 gallons of water wasted every year and ten percent of homes have leaks that waste 90 gallons or more per day. Common types of leaks found in the home are worn toilet flappers, dripping faucets, and other leaking valves.

These types of leaks are often easy to fix, requiring only a few tools and hardware that can pay for themselves in water savings. Fixing easily corrected household water leaks can save homeowners about 10 percent on their water bills.

To check for leaks in your home, you first need to determine whether you're wasting water and then identify the source of the leak. Here are some tips for finding leaks:

- Take a look at your water usage during a colder month, such as January or February. If a family of four exceeds 12,000 gallons per month, there are serious leaks.
- Check your water meter before and after a two-hour period when no water is being used. If the meter changes at all, you probably have a leak.
- Identify toilet leaks by placing a drop of food coloring in the toilet tank. If any color shows up in the bowl after 10 minutes, you have a leak. (Be sure to flush immediately after the experiment to avoid staining the tank.)
- Examine faucet gaskets and pipe fittings for any water on the outside of the pipe to check for surface leaks

Check out the EPA Fix a Leak Resources or visit the District website under Residential Water and Sewer tab

[EyeOnWater APP](#)

**STILL DON'T HAVE AN EYEONWATER ACCOUNT?  
You may be costing yourself money!**

The District strongly encourages all residents to create and set-up notifications using the EyeOnWater App. Instructions for how to create accounts on your smartphone and on your desktop are available on the District's website under Residential Water and Sewer tab. The resource page we have created included videos on how to set up the account as well as links to EyeOnWater website if you have additional questions. Either use the black QR code or click on the EyeOnWater logo to go to the page now.

Please have trash bins to the curb on Wednesdays/Saturdays by 7 a.m. and keep trash separate from your recycling items on Saturdays.
