SMALL ACTION BIG IMPACT

SOLUTIONS TO HELP OUR WATERWAYS

SMARTER LAWN CARE

Use fertilizer and pesticides carefully – too much runs off into stormwater, harming fish and ponds.

CLEAN UP PET WASTE

Pet waste carries bacteria that washes into waterways. Always scoop it, bag it, and trash it..

POOL & SPA WATER

Drain swimming pools responsibly – chlorine and salt can kill fish and plants.

PREVENT ILLEGAL DUMPING & TRASH

Never pour oil, paint, or chemicals in storm drains – they flow straight to creeks and ponds.
