

# POTPOURRI - OCTOBER 2023

HARRIS COUNTY WCID110  
FOREST OAKS SWIM AND RACQUET CLUB

## Electronic Water Meter Updates

MOC has begun installation of the initial electronic water meters. Not all homes will receive an electronic meter at this time. We do not have a timeline on when we can expect additional meters to be delivered.

When MOC installs the meter at your residence, a door tag will be placed on your front door with instructions on how to download the app and create your account so that you can track your water usage.

Find additional information on the District website under Important Notices and scroll down to the dark blue section or use the QR code to go directly to the information.

## Drought Contingency Updates

Although WCID110 has repaired its water well that went down, the District remains under water-use restrictions and will remain under those restrictions for as long as North Harris County Regional Water Authority remains in its drought contingency plan. WCID110 will continue to implement and enforce water-use restrictions until further notice.

Continue to use the District website for updates and specifics on the current stage of water-use restrictions.
