Exciting Improvements Coming Soon to WCID110 and Forest Oaks

Halftime is always a critical point in any sporting event. It gives each team a chance to catch their breath, assess what has happened, and is the opportunity to make adjustments to strategy, communication, and how your team needs to perform for success. As we come out of halftime, we are making several significant improvements for the remainder of 2026. Here are a few of the enhancements you can expect during the second half of the year:

- **Newsletter Schedule:** Beginning with the January 2027 edition, our newsletters will cover four-month periods and be published three times per year instead of quarterly. We hope this new schedule provides more comprehensive information while reducing the District's printing and mailing costs.
- **Forest Oaks Master Plan – Phase 1:** Construction is already underway, and we anticipate breaking ground in November. Additional details about this exciting project are included in this newsletter and on our District website. During construction, there will be temporary impacts to facility access and parking, so please watch for updates and notifications as they become available.
- **Ongoing Park Improvements:** Our commitment to enhancing the park never stops. We continue to evaluate and improve our facilities, with several exciting projects planned in the coming months, including a new toddler playground, improved accessible pathways and entrances, renovated pavilions, additional drinking fountains, and a new restroom trailer near Pavilion 4.
- **National Night Out:** Join us on Tuesday, October 6, from 5:30–8:00 p.m. in the park for this year's National Night Out celebration! We're adding several new features to make the event even more fun and enjoyable for the entire community, including golf cart shuttles, covered seating under party tents, live music, and an expanded selection of food and dessert options. We look forward to seeing you there!!!

FOREST OAKS PARK

Open Daily from Sun-up to Sun-down

LEASHES REQUIRED AT ALL TIMES IT'S THE LAW!!!

As well-trained and friendly as your pet may be, remember Harris County requires that pets must be secured on a leash and controlled by its owner at all times. Our park is no different and we do not make exceptions, regardless of the time of day or what area of the park you are in. Failure to have your pet on a leash can result in a citation from our Park Security Officers.

Please be a responsible pet owner and follow the law. To report any violations, you can call or email the office or if you see our park staff or park security officer in the park, please notify them immediately.

FOREST OAKS PARK POLICIES AT A GLANCE

- **The use of motorized or electronic vehicles or scooters is not allowed inside the park. All use of e-bikes and e-scooters is prohibited at all times.**
- Use of the park is at your own risk and WCID110 is not responsible for any injury. This includes vehicles.
- Do not feed any wildlife (including begging squirrels).
- Stay off all rock structures and features at all times. They are dangerous and a haven for snakes and other critters.
- **FISHING LICENSE IS REQUIRED BY TEXAS STATE LAW.**
- Fishing is only allowed with rod and reel. Cast nets, spearfishing or any type of fishing besides a rod and reel is not allowed. All bass are catch and release only for all park users. All other fish are catch and keep if wanted.
- Entering or swimming in the lakes is not allowed without prior approval from District Manager.
- Boating of any kind must be approved by the District Manager.
- Stay alert for snakes and other wildlife that may be dangerous. Do not throw items at, run after, or irritate the wildlife.
- All pavilion use of five or more people or for a formal event requires a rental application and rental fee. Park Staff and Security Officers do have the authority to make patrons leave a pavilion if needed and if there is not a formal rental.
- **Playground Policies**
 - Improper or unsafe use of equipment is prohibited at all times.
 - Children under the age of 7 must be accompanied by an adult at all times.
 - All children must be actively supervised at all times by an adult. Children may not be left on playground while adults are not present in the immediate area of the playground.
 - Footwear must be worn at all times. Flipflops, bare feet, or socks only are not allowed.
 - Pets are not allowed on playground surface or equipment.

HOT DRY SUMMERS CAUSE WATER ISSUES...BE PREPARED

We are experiencing yet another long, hot, and dry summer, which leads to increased water consumption, fluctuating water pressure, and a higher risk of cracked pipes. As the dry soil contracts, underground pipes may rupture, and it is essential to report and repair these leaks promptly. Fortunately, we have some of the best water operators available who respond quickly to reported leaks.

One of the most effective ways to stay informed about potential water leaks on your property is to create an account with EyeOn Water. You can find information on how to do this by using the QR code provided below. If you discover a leak on your side of the water meter, the next step is to turn off your water and contact a plumber to arrange for the necessary repairs. Please remember that any leak that occurs on the residential side of the meter is the responsibility of the resident.

If you notice a leak while you're out in the District—whether it's on an esplanade, at a commercial property, or you see a lot of water in a gutter—please contact the Forest Oaks Admin Office by phone or email. Let us know the location of the leak. We appreciate residents who have done this in the past, as some leaks can go undetected for a while, leading to wasted water. We will conduct a quick drive-by to investigate the issue, and then we'll notify MOC to send a technician to get in touch with the account owner of that meter or to begin repairs if it's an issue with a District line.

While we're aware that pipes can rupture during freezing weather, it's also common for them to break due to soil shifting from drought conditions. Therefore, it's important to stay vigilant. In the event of a main break, we send out text alerts and post updates on our website and social media so that everyone is informed. A main break can affect a larger area, so we try to include a map of the impacted region. We encourage you to sign up for text alerts and subscribe to our email listserv on our website.

STILL DON'T HAVE AN EYEONWATER ACCOUNT? You may be costing yourself money!

The District strongly encourages all residents to create and set-up notifications using the EyeOnWater App. Instructions for how to create accounts on your smartphone and on your desktop are available on the District's website under Residential Water and Sewer tab. The resource page we have created includes videos on how to set up the account as well as links to EyeOnWater website if you have additional questions. Use the black QR code to go to the page now.

WCI110 HAZARD MITIGATION

HURRICANE SEASON PREPAREDNESS

Hurricane Season is June 1 through November 30

MAKE A PLAN

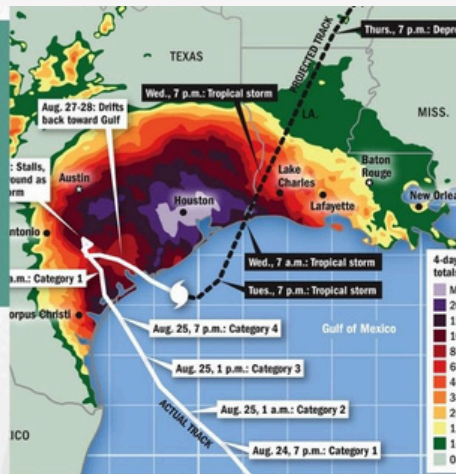

- Develop an evacuation plan.
- Consider your threats: storm surge, flooding from heavy rain, strong winds, tornadoes, rip currents.
- Identify your home's structural risks.
- Get an insurance checkup and document your possessions.

PREPARE

- Assemble disaster supplies: food, water, batteries, chargers, flashlights, radio, laptops, cash, non-electric can opener, first aid kit, pet supplies, fire extinguisher, cleaning supplies.
- Medications and medical supplies - two weeks supply.
- Fuel vehicles and generators, propane tanks, camp stove fuel.
- Bring in or take down any outdoor items that are not completely secured or anchored.
- Create communication plan with a hand written contact list and share with your family.
- Reinforce your home: plywood on windows, sand bags on exterior doors. Have plastic sheets and duct tape available.
- Secure any critical documents you keep in your home.
- Take photos/videos of exterior and interior of your residence and property for insurance purposes.
- If you are staying in your home during the storm:
 - Fill bathtubs and all available containers with water.
 - Remain indoors on lower level of you house.

STAY UPDATED

- Understand your alerts and the difference between a Watch & Warning. Know what to do before, during, and after a storm.
- Find trusted sources of storm information.
- Focus on potential impacts regardless of storm size or category.
- Deadly hazards occur well outside of the cone of a storm.

POST STORM

- If our area was evacuated, do not return until instructed to do so.
- Remain vigilant, as hazardous conditions still remain.
- Take inventory of your possessions and residence. Photos and videos.
- Clean up safely; don't push yourself, and check on your neighbors.
- Do not use generators indoors.
- Prepare for the likelihood that help and communications may not be readily available.

Trash/Recycling Timeline for after a Major Storm

Hurricane Season is Here – Stay Safe & Follow Waste Guidelines for Post-Storm Debris Clean-up from Best Trash

First Week After the Storm

Priority Collection: We focus on removing perishable waste (e.g., spoiled food) due to power outages.

Regular Trash Pickup: Resumes as conditions allow.

Lawn Waste: Temporarily suspended during the emergency phase.

After the Emergency Phase

Grass Clippings: Use clear or brown paper bags (recommended, not required).

Household Trash: Use white bags (recommended, not required).

Important: Keep all bags separate from storm debris. (recommended to be in black bags)

What Counts as Storm Debris?

Storm debris includes materials from hurricanes, floods, or windstorms, such as:

Fallen trees, branches, and leaves

Damaged fences, roofing, or water-damaged household items

How to Prepare Storm Debris

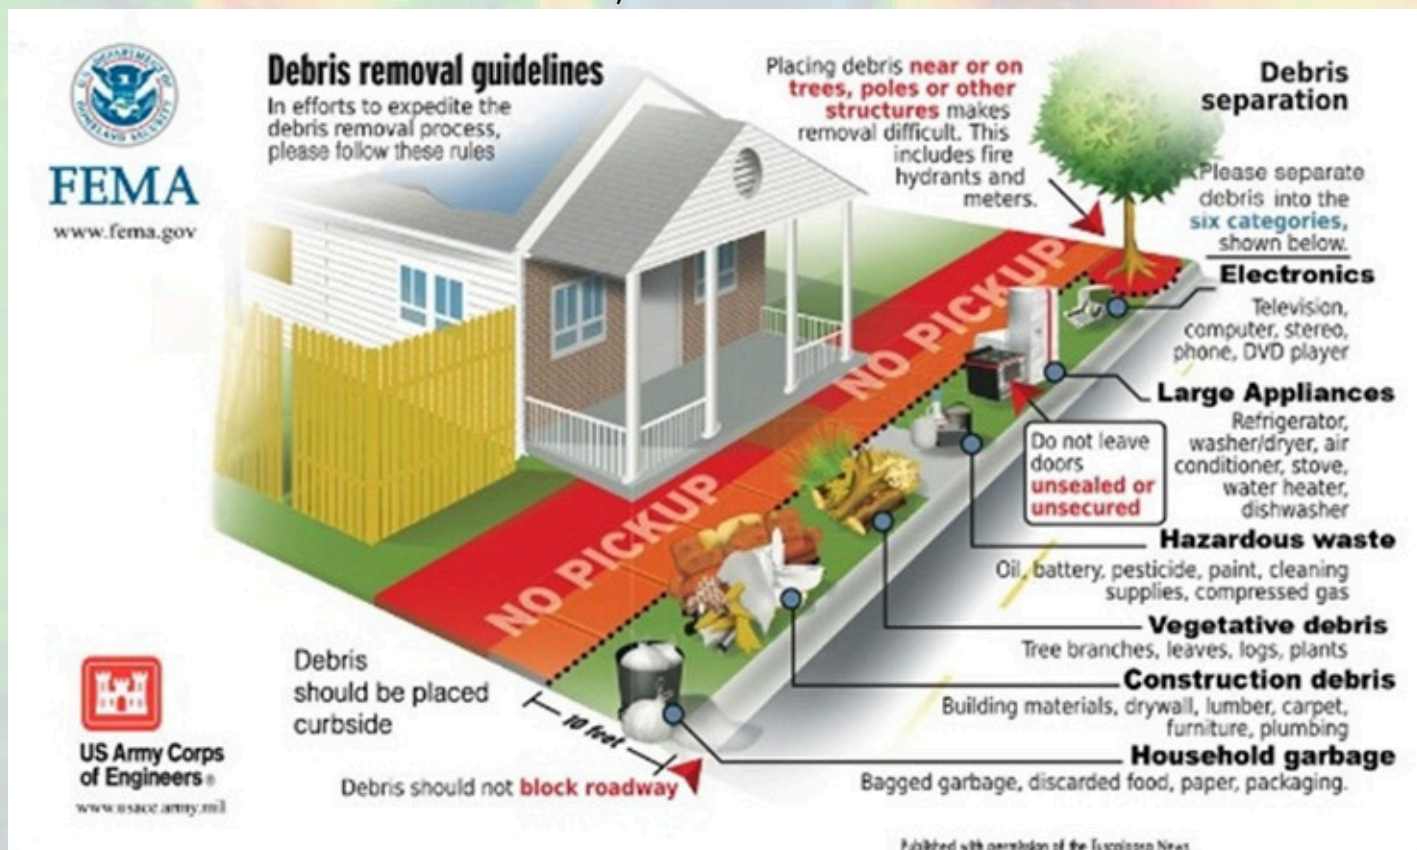

Place storm debris at the curb, separate from regular trash.

Refer to the diagram (see picture) for proper placement.

Important Reminders

Storm debris and construction/remodeling waste are not included in standard trash service.

FOREST OAKS MASTER PLAN PHASE 1 POOL AND RECREATION BUILDING

With demo and construction set to begin in November/December for the new pool and recreation building, we will begin work on some changes to the Fitness Center and tennis courts, specifically creating new entry doors the fitness center and the additional of new water fountain and port-a-johns for tennis.

The upper parking lots (next to clubhouse and main pavilion) will be closed once construction begins. All parking for members will be in the lower tennis parking lot. This is due to the main access for all construction vehicles will be where the current green awning is located.

Once construction begins, there will be some temporary power outages while we relocate power lines to tennis court lights and parking lots. We will post notifications as we move through the project and have the finalized timeline.

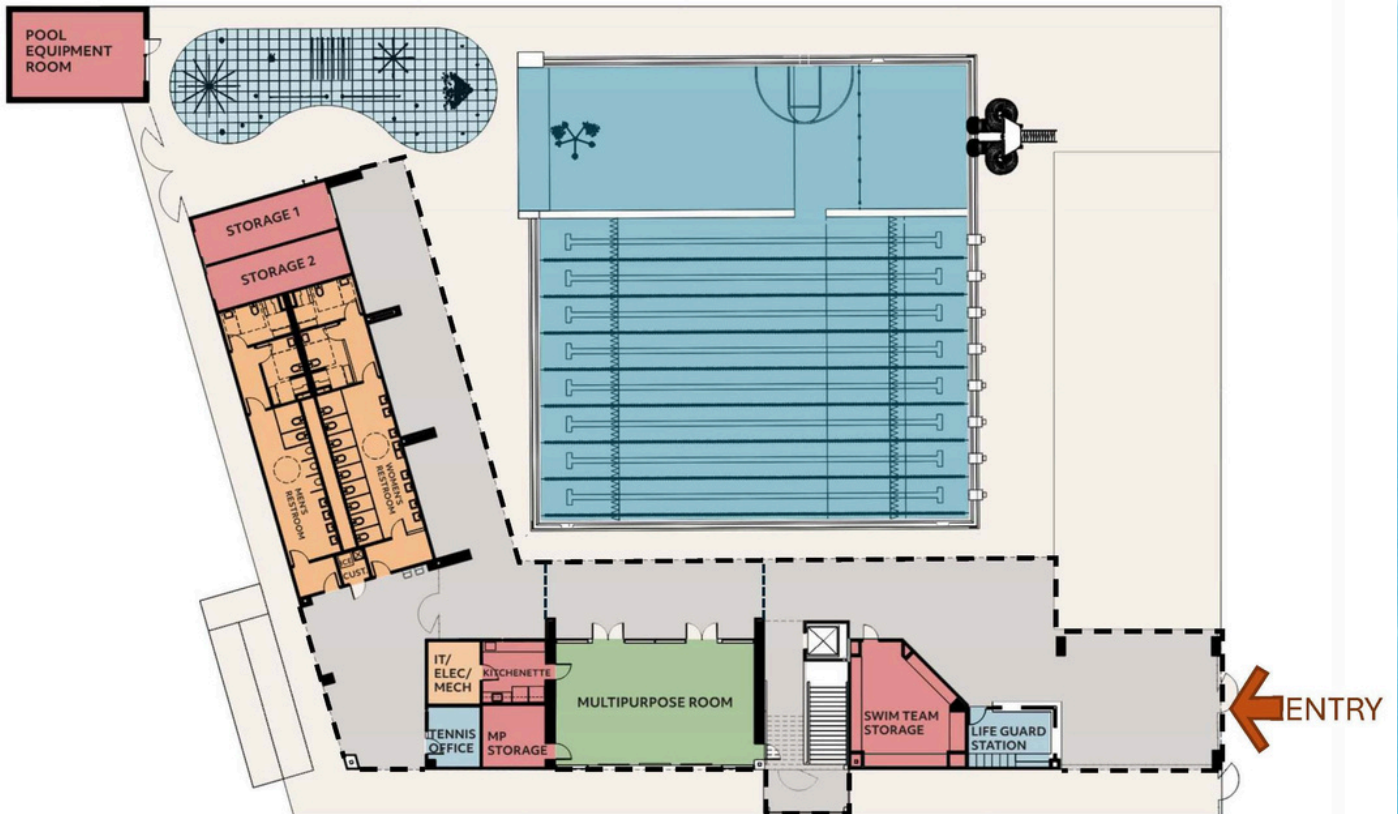

While construction is happening, we will also be working closely with Rivera Tennis Academy and tennis leagues about how we can minimize demolition days and overlap with lessons, tournaments, and events. This will also impact the FOST Barracudas 2027 season. The FOST swim team board will provide more information later about the FOST plan once it is finalized. While we will miss hosting the 2027 season, we anticipate a huge 2028 home schedule and will work with FOST on maximizing the use of the new facilities!

The Forest Oaks Swim Team has officially concluded its 56th summer league season, and what a season it was! Proving to be a small but mighty force in the pool, the Barracudas achieved outstanding success at major invitational meets, earning a remarkable second-place finish at the Summer Thunder Invitational before capturing the Championship title at the All-Star Meet. From record-breaking individual performances to unbeatable relays, every Barracuda played a part in making this 56th season one for the history books.

Coaches Celine, Brooke & Cooper celebrate 2nd place at the Summer Thunder Invitational Meet

Forest Oaks Swim Team is about so much more than results. It's more than just a place to compete it's a place where friendships grow, fellowship flourishes, and families come together to create memories that last a lifetime, all while having fun. The lessons learned, the cheers from the pool deck, the team spirit, and the bonds formed throughout the season are what truly make FOST special.

2026 FOST Board Members

The FOST organization wants to say an extra special "Thank You" to in recognizing **Phil Sommer** for his 18 years of dedicated service and commitment to FOST. Your leadership as President, NWAL Representative, and Team Official has made a lasting impact on our team.

FOST also wants to recognize **Amber Essary** for 13 years of dedicated service and commitment to FOST. Your leadership as Team President has made a lasting impact on our team and swimmers. FOST will miss you both.

Congratulations to all of our swimmers, coaches, volunteers, and families on an unforgettable and historic summer. Thank you for making the 56th season one that will be remembered for years to come.
