FOREST THE PARK RANGER

Hey neighbors! It's ALMOST Summer again! Hope everyone stayed warm through the winter (did we really have a winter) and did not have any frozen pipes! WCID110 and Forest Oaks are already gearing up for the season to come.

Hannah (Aquatics Manager) has been collecting lifeguard applications, getting uniforms, classes, books, and training ready as we head into the upcoming pool season. We already have the Annual Easter Egg Hunt planned and have received all 6000 eggs. We still need to order candy and fill the eggs again. The Annual Memorial Day Pool Bash will kick off at NOON on Memorial Day Monday with the food, drink and music. Although we're still a ways off in 2022, we are already in planning for the Annual National Night Out and Trunk-R-Treat in the park. Somewhere in between all that, we are hoping to do a few movie nights, a Spring/Summer crafts fair in the park and hope to have a couple music days again with some live bands back on the dock at the amphitheater.

Flood mitigation is and has been a HUGE topic of concern and several actions have been made by the WCID110 Board locally in the District. Some of this has been in partnership with Harris County Flood Control (HCFLC), Department of Transportation (DOT), and some of these have included legal actions taken solely by the WCID110 Board of Directors. Multiple flood mitigation projects are currently in the works and progressing. Updates to WCID110 flood mitigation can be found on the District website at: www.wcid110.com

Take a look around the new park area! We have added a few benches, trashcans and dog stations. The trails in the new area of the park are great too. In the future, we will be adding a couple covered pavilions and a fishing dock or two.

Hope everyone has a GREAT summer!

FLOOD MITIGATION UPDATE February 4, 2022

It has been a while since the Board of Directors of Harris County WCID No. 110 (the “Water District”) has provided you an update on flood mitigation.

The Water District has good news to report. The Water District is working on a comprehensive drainage plan (“Drainage Plan”) which provides for cooperating with our commercial customers to clean out their drainage channels behind their commercial developments. While the commercial customer is responsible for the cost to maintain and clean out their drainage channels, the Water District is agreeable to assisting the commercial customers with their drainage channel cleaning, if requested by the commercial customer. Any cost incurred by the Water District to assist a commercial customer must be paid by the commercial customer and will be added to the commercial customer’s water bill. Cleaning out these drainage channels will facilitate drainage in the area around the commercial properties and surrounding areas. The Drainage Plan covers over forty (40) drainage channels. It will take a year to get the drainage channels cleaned, but thereafter there will annual inspections and cleanings that will ensure the drainage channels are maintained.

As many of you will recall, on July 16, 2020, the Board of Directors of the Water District hosted a virtual townhall meeting to discuss flood mitigation with United States Representative Dan Crenshaw, State Representative Valoree Swanson, Elie Alkhouri with the Texas Department of Transportation (TxDOT”) representatives of Harris County Precinct 4, and Matt Zeve Harris County Flood Control District. The discussion at the townhall meeting focused on partnering with Harris County Flood Control to undertake projects that would mitigate some of the flooding in the Water District. The Water District is pleased to announce that one of the projects discussed at the July 16, 2020, townhall meeting is coming to fruition. The Water District awarded a contract on January 12, 2022, to rehabilitate the detention pond behind the Fred Haas Toyota Dealership on the eastside of IH45. The Water District, Harris County MUD No. 249 and Harris County Flood Control are sharing in the cost of this project. It is expected that this project will be complete by the end of the first quarter of 2022.

The Water District, in cooperation with Harris County Flood Control, continues to work on defining a project on Enchanted Stream. While the Haas Project, the Enchanted Stream Project, and the Meadow Edge Project previously completed by Harris County Flood Control may not eliminate flooding along Cypress Creek or in the Water District, these projects will provide relief from storm water runoff.

It is the understanding of the Water District that TxDOT recently awarded the construction contract for the rehabilitation of the IH45 overpass at Cypress Creek. This Project has been planned for some time. The General Manager and Engineer for the Water District will routinely monitor the TxDOT construction for any conditions that adversely impact the Water District and notify TxDOT.

Did you know that supporting businesses within WCID110 also supports our Parks & Recreation programs, and Water & Sewer facilities?

There are a little over 200 businesses serviced by WCID110. About 75% of the businesses are within the Strategic Planning Agreement (SPA). By keeping up with these news businesses in these specific areas of the District, we collect about 1/2 cent of every penny in taxes that they pay to Harris County. A large portion of this income has gone to fund most of our recreations facilities, programs, maintenance and capital expenditures (new equipment, pavilions, trails, mowers & tractors, etc.).

Here are some of the businesses in WCID110:

DISTRICT Information and Tidbits

DATES TO REMEMBER

1. 2nd WED Of The Month - 5PM Water & Sewer Board Meeting
2. 3rd THUR Of The Month - 4PM Recreation Board Meeting
3. Wed & Sat - Trash Pickup
4. Sat - Recycle Pickup
5. Lifeguard Applications Due - MARCH 4th
6. Easter Egg Hunt - APRIL 9th
7. Memorial Day Pool Bash - MAY 30th

ENROLLING INFANTS THROUGH PRE-K

POOL MANAGERS CORNER

Kicking off the 2022 Season!

Let's hope everyone was able to stay warm through the winter but now it is time to get back in the water and have a great summer! We are very close to getting back to the fun but the guards still have a lot of prep to do. We are working on hiring a great new group of lifeguards and of course are welcoming back a bunch of amazing guards that have worked with us in previous seasons. Our wonderful Lifeguard Instructors are going to be working hard to train these upcoming lifeguards in the upcoming months! The pool officially opens Memorial Day weekend and of course we will be having our annual Memorial Day bash to kick off the season!

New Season Same Rules

Just a few reminders on rules to keep everyone safe and our pool working great!

Make sure you are coming to swim we are wearing proper swim attire (t-shirts or athletic shorts). All swimmers under 12 will need to take a swim test to swim on their own, so get those strong swimming arms ready! Anyone under the age of 14 will need to be accompanied by an adult over 18. Members are more than welcome to share the fun! Each member may bring in 2 guests (\$2 for children \$5 for adults).

We can't wait to see everyone back this summer!
